ARISING FROM MINUTES

After reviewing our engineering estimate to upgrade the intake for our water supply the following motion was made:
Motion: Matthews/DM Broughton resolved we seek funding to have our intake at Brigus Long Pond upgraded as to our engineer drawings submitted by Harris & Associates. In Favour 5; Opposed 0; Carried.

Councillors Matthews, Wall and Town Clerk/Manager to update our Rules of Procedures.

DELEGATION

Mr. Jim Hiscock came to our meeting stating that the 3 way signs we have should be removed and a 3 way sign be installed at the intersection of Riverhead Road and Irishtown Road. Also Chapel Lane should be made one-way traffic.

Mr. Harvey Percy came to our meeting and presented to Council a petition from 351 residents and non residents with 7 stating the 3 way stop signs should stay and 344 stating they should be removed.

Mr. Kevin Spracklin Jr. Came to our meeting stating that he understands that some 3 way stop signs should be removed but not all as outlined in the petition. He stated that it should be more important for the safety of our kids and residents then the inconvenience of someone having to stop.

Council noted that the 3 way stop signs were installed to slow down speeding traffic. Speed bumps were installed that didn't work out well, Council reduced speed limits to 30km which haven't been overly effective. The RCMP stated that they need the support of individuals to come forward in order to charge those who are speeding and this hasn't been happening. It was agreed that our Public Works Committee would review our 3 way stop signs and bring back a report to our next meeting.
